## Safeco Goes Paperless!

Safeco customers who are on auto pay for their premium, are being transitioned to paperless billing notifications. You will receive an email notice at least 15 days prior to every payment with your billing amount, due date and a link to view your bill.

No action is required on your part unless you **DO NOT** want to go paperless and still wish to continue receiving mailed paper bills and statements. You can notify Safeco to keep sending you paper correspondence via your Safeco online account, or contact our office and request we make this change to your account.

Not all insurance agencies are created equal! We are part of a select few agencies in the state of Oregon that meet the Platinum endorsement criteria and therefore offer coverage options/savings/value other Progressive agents cannot!
